

UNITED STATES GOVERNMENT

# Memorandum

TO : DAD/IO  
cc : AD/OEL; C/GSD  
FROM : DAD/S&D

DATE: 19 April 1965

SUBJECT: Your memorandum dated 9 April 1965, Subject: Configuration of the [REDACTED] (OEL 453-65)

1. I think it would be in everybody's interest if the operational requirements for the [REDACTED]

[REDACTED] If the equipment is to have only the capabilities which it now has, this should also be indicated. At that point, I think that GSD can proceed to determine the ways in which these requirements can be best met.

2. During the course of the development of these requirements, you may wish to have somebody in OPD discuss the requirements with Chief, GSD so that the feeling of feasibility can be gained if changes from the present system are envisioned.
